Alphabet Activity Cube™

Dear Parent,

Ever notice the look on your baby's face when they learn something new through their own discovery? These self-accomplished moments are a parent's greatest reward. To help fulfill them, **VTech**® *created the* **Infant Learning**® *series of toys.*

These unique interactive learning toys directly respond to what children do naturally – play! Using innovative technology, these toys react to baby's interactions, making each play experience fun and unique as they learn age-appropriate concepts like first words, numbers, shapes, colors and music. More importantly, **VTech**®*'s* **Infant Learning**® *toys develop baby's mental and physical abilities by inspiring, engaging and teaching.*

At **VTech**®*, we know that a child has the ability to do great things. That's why all of our electronic learning products are uniquely designed to develop a child's mind and allow them to learn to the best of their ability. We thank you for trusting* **VTech**® *with the important job of helping your child learn and grow!*
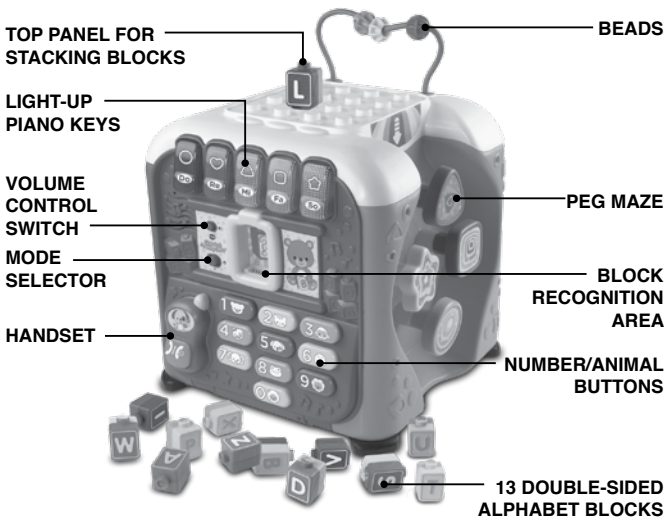

Sincerely,

Your friends at **VTech**®

INTRODUCTION

Thank you for purchasing the **VTech® Alphabet Activity Cube™** learning toy!

The **Alphabet Activity Cube**™ is an interactive learning toy that has five sides of fun to discover! Little builders will love the 13 building blocks that also teach the alphabet. The blocks can be stacked on the top of the cube or they can be inserted into the slot on the electronic side to learn more about each letter. The electronic side also features five piano keys, a number keypad, and telephone. Other sides feature fun mechanical elements such as a peg maze, put-and-take holes that lead to a storage area, sliders, gears, a mirror and more! Learning has never been so much fun!
