Dear Parent,

Welcome to the world of **Go! Go! Smart Wheels™**! We're excited you've decided to ride along with us and explore all that **Go! Go! Smart Wheels™** has to offer. These toys have been designed to give your child a thrilling learning experience with hours and hours of fun as well.

Go! Go! Smart Wheels™ features vehicles that interact with your child by lighting up, singing and talking, while teaching your child letters and vehicle names (each sold separately). There are other surprises in store, too! With our innovative **SmartPoint™** technology, available exclusively on **Go! Go! Smart Wheels™** playsets (each sold separately), your child will smile as they hear the vehicles respond to each unique **SmartPoint™** location with singing, sound effects and fun phrases.

Our **Go! Go! Smart Wheels™** playsets also feature buttons, gears and other mechanical features to encourage the development of your child's fine motor skills. Many of the playsets also have tracks that can be arranged in endless ways, stimulating your child's creativity. In addition, many of the **Go! Go! Smart Wheels™** playsets connect to other playsets in the collection, so there's no end to what your child can do!

With **Go! Go! Smart Wheels™**, it's playtime with miles of learning!

Sincerely,
Your friends at **VTech®**

One user's manual

WARNING:

All packing materials, such as tape, plastic sheets, packaging locks and tags are not part of this toy, and should be discarded for your child's safety.

ATTENTION :

Pour la sécurité de votre enfant, débarrassez-vous de tous les produits d'emballage tels que rubans adhésifs, feuilles de plastique, attaches et étiquettes. Ils ne font pas partie du jouet.

NOTE:

Please keep this user's manual as it contains important information.

GETTING STARTED

BATTERY INSTALLATION

1. Make sure the unit is turned **OFF**.
2. Locate the battery cover on the bottom of the airplane. Use a coin or a screwdriver to loosen the screw.
3. Install 2 new 'AAA' (AM-4/LR03) batteries following the diagram inside the battery box. (The use of new alkaline batteries is recommended for maximum performance.)
4. Replace the battery cover and tighten the screw to secure the battery cover.

BATTERY NOTICE

- Use new alkaline batteries for maximum performance.
- Use only batteries of the same or equivalent type as recommended.
- Do not mix different types of batteries: alkaline, standard (carbon-zinc) or rechargeable (Ni-Cd, Ni-MH), or new and used batteries.
- Do not use damaged batteries.
- Insert batteries with the correct polarity.
- Do not short-circuit the battery terminals.
- Remove exhausted batteries from the toy.
- Remove batteries during long periods of non-use.
- Do not dispose of batteries in fire.
- Do not charge non-rechargeable batteries.
- Remove rechargeable batteries from the toy before charging (if removable).
- Rechargeable batteries are only to be charged under adult supervision.

ASSEMBLY INSTRUCTIONS

With the VTech® Go! Go! Smart Wheels™ Airport Playset, safety comes first. To ensure your child's safety, adult assembly is required.

- Assemble the airport:** Insert the airport tower into the airport base. Once securely in place, you will hear a loud 'click' sound. Insert the control tower with antenna into the top of the airport tower. Again, you will hear a loud 'click' sound to indicate the control tower is secure.

- Assemble the fuel station platform:** Insert the two fuel station supports into the bottom of the fuel station platform. Then insert the fuel station supports into one of the fuel station base track pieces. You will hear a loud 'click' sound to indicate the platform is secure. After that, attach the ramp track piece to the fuel station platform.

- Assemble the weather vane:** Place the weather vane on its base.

After the above steps, connect these pieces with the included track pieces. You can configure them into different shapes.

PRODUCT FEATURES

1. ON/OFF SWITCH

To turn the airplane **ON**, slide the **ON/OFF SWITCH** to the **ON** (☺) position. To turn the airplane **OFF**, slide the **ON/OFF SWITCH** to the **OFF** (●) position.

2. AUTOMATIC SHUT-OFF

To preserve battery life, the **VTech® Go! Go! Smart Wheels™ Airplane** will automatically power-down after approximately 60 seconds without input. The unit only can be turned on again by pressing the light-up screen button or pushing the airplane quickly.

ACTIVITIES

1. Slide the **ON/OFF SWITCH** to turn the airplane **ON**. You will hear airplane sounds, a song and a phrase. The light will flash with the sounds.

2. Press the **LIGHT-UP PILOT BUTTON** to hear airplane sounds, songs and phrases. The light will flash with the sounds.

3. Push the airplane to hear fun sounds and melodies. While the melody is playing, push the airplane again to add in fun sounds on top of the melody. The light will flash with the sounds.

4. For added fun, the airplane interacts with the **Go! Go! Smart Wheels™ Airport Playset**. Simply roll the airplane over one of the airport's six **SmartPoints™** to see the airplane's light flash and to hear greetings, fun sounds, short tunes and sing-along songs. The airplane even interacts with other **Go! Go! Smart Wheels™** playsets (each playset sold separately).

MELODY LIST

1. Alouette
2. Hey Diddle Diddle
3. My Bonnie Lies Over the Ocean
4. Oh Where, Oh Where Has My Little Dog Gone?
5. Skip to My Lou
6. ABC Song

SONG LYRICS

SONG 1

Look at the beautiful sky.
It's a nice day for flying.
Flying up, flying down!
Flying all around!

SONG 2

Let's take a flight today!
Fly a thousand miles away!

SONG 3

Turn the antenna around!
Take me off of the ground!

CARE & MAINTENANCE

1. Keep the unit clean by wiping it with a slightly damp cloth.
2. Keep the unit out of direct sunlight and away from any direct heat source.
3. Remove the batteries when the unit is not in use for an extended period of time.
4. Do not drop the unit on a hard surface and do not expose the unit to moisture or water.

TROUBLESHOOTING

If for some reason the program/activity stops working or malfunctions, please follow these steps:

1. Turn the unit **OFF**.
2. Interrupt the power supply by removing the batteries.
3. Let the unit stand for a few minutes, then replace the batteries.
4. Turn the unit **ON**. The unit should now be ready to play again.
5. If the product still does not work, replace with an entire set of new batteries.

If the problem persists, please call our Consumer Services Department at 1-800-521-2010 in the U.S. or 1-877-352-8697 in Canada, and a service representative will be happy to help you.

For information on this product's warranty, please call **VTech**® at 1-800-521-2010 in the U.S. or 1-877-352-8697 in Canada.

IMPORTANT NOTE:

Creating and developing Infant Learning products is accompanied by a responsibility that we at **VTech**® take very seriously. We make every effort to ensure the accuracy of the information which forms the value of our products. However, errors sometimes can occur. It is important for you to know that we stand behind our products and encourage you to call our Consumer Services Department at 1-800-521-2010 in the U.S. or 1-877-352-8697 in Canada with any problems and/or suggestions that you might have. A service representative will be happy to help you.

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates and uses radio frequency energy and if not installed and used in accordance with the manufacturer's instructions, may cause interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference with radio or television reception, which can be determined by turning the equipment on and off, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS:

(1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE, AND
(2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE RECEIVED, INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRE OPERATION.

THIS CLASS B DIGITAL APPARATUS COMPLIES WITH CANADIAN ICES-003.

CET APPAREIL NUMÉRIQUE DE LA CLASSE B EST CONFORME À LA NORME NMB-003 DU CANADA.
